Source: Social Housing Register, accessed at data.qld.gov.au as at 30 June. The Social Housing Register records all applicants who meet the eligibility for social housing. It includes both government and community managed dwellings.
1) In 2019-20, the department implemented new technology information systems which has resulted in some changes to data structures and coding. Data comparison across years may be impacted, particularly for households including persons with an identified disability. 2) Local Government Authority and State Electorate are determined based on the applicant's first locational preference.
