Data Sources: Queensland Government Statistician's Office, Queensland Regional Profiles: Snapshot profile. Accessed at: <https://statistics.qgso.qld.gov.au/qld-regional-profiles> (Generated 5th April 2024). Estimated resident population and population annual growth: ABS, Regional population, various editions. Projected population and projected annual growth: Queensland Government Population Projections, 2023 edition (medium series). Median age and persons aged 65 years and over: ABS, Regional population by age and sex, 2022. Most disadvantaged quintile, First Nations persons, persons born overseas, median household income, median personal income: ABS, Census of Population and Housing, 2021. Unemployment rate: Jobs and Skills Australia, Small Area Labour Markets, various editions (4-quarter smoothed series). Median house price: Department of Resources, Office of the Valuer-General, Property Sales. Dwelling approvals and dwelling approval annual growth: ABS, Building Approvals, Australia, various editions. **Notes:** Population annual growth is growth on the previous year. Projected growth (annual) is the average annual growth over 25 years. Most disadvantaged quintile is based on the Index of Relative Socio-economic Disadvantage. First Nations refers to people who identify as being of Aboriginal and/or Torres Strait Islander origin. Median personal income is calculated for persons aged 15 years and over. Median household income is for occupied private dwellings. Median house prices are based on 10 or more sales of attached and detached dwellings and sale period based on the contract date. Dwelling approvals and dwelling approval growth refers to residential building approvals including houses, other dwellings, as well as alterations, additions and conversions. Dwelling approval annual growth is on the previous year ending.

ACSS – COMMUNITY DEMAND (2022)

Which statement reflects the ability of your service to meet community demand, so far in 2022?

Source: Queensland Council of Social Service Ltd, State of the Sector 2022. <https://www.qcoss.org.au/wp-content/uploads/2023/03/State-of-the-Sector-Report-2022.pdf>

The ACSS was conducted by the Social Policy Research Centre at UNSW Sydney, as part of a partnership between the Australian Council of Social Service, the COSS network, and Bendigo Bank. For the report, data referenced is supplied from the Australian Community Sector Survey (ACSS) 2022, Queensland Results.

ACSS – COMMUNITY DEMAND (2022)

Complexity of need

Difficulties keeping services properly staffed

Numbers of clients your service cannot support

Difficulties finding volunteers

HOUSING

Social Housing Register Profile: Timeseries, Local Government Authority

Logan City Council

All

Source: Social Housing Register, accessed at data.qld.gov.au. The Social Housing Register records all applicants who meet the eligibility for social housing. 1) In 2019-20, the department implemented new technology information systems which has resulted in some changes to data structures and coding. Data comparison across years may be impacted, particularly for households including persons with an identified disability. Since 2019, the department has classified all new applicants on the register as very high need. 2) Local Government Authority and State Electorate are determined based on the applicant's first locational preference.

Allocations to Community Housing: Local Government Authority, Timeseries

June 2023

All

Number of Allocations

Source: Allocations to Community Housing, accessed at [data.qld.gov.au](https://www.data.qld.gov.au) as at 30 June. Accessed at <https://www.data.qld.gov.au/dataset/allocations-to-community-housing>
Data on allocations made to social housing delivered by registered community housing providers during the financial year. Details include housing program, property and household information. 1) In 2019-20, the department implemented new technology information systems which has resulted in some changes to data structures and coding. Data comparison across years may be impacted. Where counts are between 1 and <5, counts have been suppressed.

Specialist Homelessness Services Collection: Local Government Area

Logan 2022-23

Count by Age group and Sex

Counts by Financial Year and Age group

Count by Financial Year and Sex

Source: AIHW 2024. Specialist Homelessness Services Collection data cubes 2011-12 to 2022-23. Canberra: AIHW.

To minimise the risk of identifying individuals, a technique known as perturbation has been applied to randomly adjust cells. For this reason, discrepancies may occur between sums of the component items and totals, and data may not match other published sources. Clients are assigned to a region based on where they lived in the week before presenting to an SHS agency. Clients are assigned to only one region, based on the location details provided in their first support period in the reference year. Yearly client counts should not be summed to derive longitudinal client counts because clients can access services in multiple years. For further information on data items and definitions, please see the data cubes user guide: <https://www.aihw.gov.au/reports/homelessness-services/shsc-data-cubes/contents/shs-data-cubes-user-guide>. For more information on the Specialist Homelessness Services Collection, please see Technical notes in the SHS annual report: <https://www.aihw.gov.au/reports/homelessness-services/specialist-homelessness-services-annual-report/contents/technical-notes/key-data-quality-information>. For help using the AIHW Data Explorer Platform, please visit the SuperWEB2 online documentation manual: <https://dataexplorer.aihw.gov.au/webapi/online-help/Getting-Started---SuperWEB2.html>. Note: Where counts are between 1 and <5, counts have been suppressed.

Median Rent by LGA and Dwelling Type

All dwellings

Mar-2024

Median value of weekly rent by Dwelling type and Local Government Area

Source: Residential Tenancies Authority (RTA), Queensland Government. Median value of weekly rent paid for new tenancies commencing in each quarter. Accessed: <https://www.rta.qld.gov.au/forms-resources/median-rents-quick-finder/median-rents-quarterly-data>. Median rents data is available each quarter on new rental bond lodgements to determine median weekly rental prices for houses, townhouses and flats/units across Queensland. A median is the middle number of a series of numbers that are ordered from smallest to largest, and it is used rather than averages as medians are not affected by unusually high or low values. The breakdown of this data includes rent prices by suburb, postcode, Local Government Area (LGA), and the whole-of-Queensland. This information is based on the total number of bonds lodged and held by the RTA. The RTA recommends that for accurate comparison, data should be compared year-on-year rather than quarter-on-quarter. Additional information on datasets and release notes can be found on the RTA website. Dwelling types include: Flats/units, Houses, and Townhouses and 'All dwellings'. Bedroom counts are displayed as 1, 2, 3 or 4 bedrooms depending on data availability.

Logan

Payment recipients by payment type, Local Government Area and quarter

Source: Department of Social Services "DSS Payment Demographic Data", quarterly timeseries data. Available at <https://data.gov.au/data/dataset/dss-payment-demographic-data>
DSS payment data for Queensland: by age group, sex, Aboriginal and Torres Strait Islander status, Local Government Areas and SA2. Local Government Area has been updated to reflect the Australian Statistical Geography Standard (ASGS) 2020 boundaries from March 2021. Note: JobSeeker Payment replaced Newstart Allowance and other working age payments from 20 March 2020. In order to protect individuals' privacy, identified populations between 1 and 4 have been suppressed and replaced with '<5' for confidentiality purposes.

JobSeeker and Youth Allowance Recipient Profile: SA4

JobSeeker Payment Recipients by SA4

Youth Allowance (other) Recipients by SA4

JobSeeker and Youth Allowance (other) Payment Recipients, Timeseries

Source: Services Australia administrative data "JobSeeker Payment and Youth Allowance recipients – monthly profile", filtered by month. <https://data.gov.au/data/dataset/jobseeker-payment-and-youth-allowance-recipients-monthly-profile>. Recipients of JobSeeker Payment and Youth Allowance (other) who are determined to be current (including those entitled to be paid or in receipt of zero rate of payment) or suspended from payment on the Centrelink payment system. Statistical Areas based on the recipient's geo-coded address against the Australian Statistical Geography Standard (ASGS) 2021. Individuals who live overseas or who are without a valid address cannot be assigned to a locational boundary (including a Statistical Area Level 2 (SA2)). These numbers are represented as 'unknown'. State/territory totals derived from Statistical Area data will not match actual state and territory totals, due to different statistical geography methodologies. Note: To protect individuals' privacy, all cells including any totals and subtotals have been rounded to the nearest 5, values from 1 to 7 are rounded to 5. Zero cells are actual zeros. This may result in non-additivity for some totals. Caution should be taken in re-calculating totals from rounded data, as this may compound the effects of rounding.

Source: "SPER Debt by SA4 Regions in Queensland", current data month accessed at: <https://www.data.qld.gov.au/dataset/sper-debt-by-sa4-regions-in-queensland>

Notes: State Penalties Enforcement Registry (SPER) debts can start with unpaid fines and penalties, and can be referred to SPER by various agencies: courts, state government and other local government authorities. This data shows a breakdown of all types of debt registered with SPER, reported as at a current point in time (based on extract date). This data is a breakdown of the outstanding debt based on current debtor addresses. As debtors may have multiple addresses registered with SPER, the allocation of debt to an SA4 region is based on their most current address available. It is possible that some debt may be reported under different SA4 regions over time, due to debtor relocation or identification of new address information by SPER. Figures are reported using the Australian Statistical Geography Standard (ASGS) Postcodes to Statistical Area Level 4 correspondences tables (Source: Australian Bureau of Statistics Cat. No. 1270.0.55.006). Where no Statistical Area Level 4 is available for a postcode, it has been listed as "Other QLD". Populations vary significantly between SA4 regions. This data does not account for differences in population and caution should be taken in drawing direct comparisons between region based on outstanding debt levels. Additional information on the SPER dataset including definitions and explanatory notes can be accessed through the data source URL link.

SPER debt by SA4 regions, top 10 offence groups

Mar/2024

Logan - Beaudesert

Number of Debts and Outstanding Balance by Top 10 Offence Group by Outstanding Balance

Number of Debts and Outstanding Balance by Top 10 Offence Group by Outstanding Balance

Top 10 Offence Group by Outstanding Balance	Number of Debts	Outstanding Balance
Speeding	102,209	\$36,117,000
Tolling	157,953	\$31,526,000
Driving	64,723	\$31,258,000
Vehicle	38,350	\$14,150,000
Other	14,866	\$7,601,000
Fare Evasion	21,955	\$6,131,000
Public Order Offences	13,459	\$5,497,000
Parking	35,280	\$5,386,000
Stealing	10,872	\$4,938,000
Offender Debt Recovery	557	\$4,661,000
Total	460,224	\$147,265,000

Source: "SPER Debt by SA4 Regions and Top 10 Offence Groups in Queensland", current data month accessed at: <https://www.data.qld.gov.au/dataset/sper-debt-by-sa4-regions-and-top-10-offence-groups-in-queensland>

Notes: State Penalties Enforcement Registry (SPER) debts can start with unpaid fines and penalties, and can be referred to SPER by various agencies: courts, state government and other local government authorities. This data shows a breakdown of all types of debt registered with SPER, reported as at a current point in time (based on extract date). The top 10 offence groups for each SA4 region are included only. Where there is missing information for an offence group or SA4, that should not be interpreted as a count of 0 or an outstanding balance of 0, rather that the offence group category was not included in the top 10 offence group for that region. Therefore, totals are considered a count of the total for the top 10 offence groups only (based on outstanding balance).

This data is a breakdown of the outstanding debt based on current debtor addresses. As debtors may have multiple addresses registered with SPER, the allocation of debt to an SA4 region is based on their most current address available. It is possible that some debt may be reported under different SA4 regions over time, due to debtor relocation or identification of new address information by SPER. Figures are reported using the Australian Statistical Geography Standard (ASGS) Postcodes to Statistical Area Level 4 correspondences tables (Source: Australian Bureau of Statistics Cat. No. 1270.0.55.006). Where no Statistical Area Level 4 is available for a postcode, it has been listed as "Other QLD". Populations vary significantly between SA4 regions. This data does not account for differences in population and caution should be taken in drawing direct comparisons between region based on outstanding debt levels. Additional information on the SPER dataset, including definitions of offence groups can be accessed here: [Explanatory notes for SPER debt by SA4 regions and top 10 offence groups in Queensland \(publications.qld.gov.au\)](https://publications.qld.gov.au/explanatory-notes-for-sper-debt-by-sa4-regions-and-top-10-offence-groups-in-queensland)

ENERGY HARDSHIP

1) Number of hardship customers

2) Average debt of hardship program participants

The number of hardship customers has been rising since quarter 2 of 2022-23 (graph 1). The average debt of hardship program customers is higher than the average debt at the time of entry to a hardship program (graph 2). This indicates that debt levels are rising after entering a hardship program.

CHILDREN AND FAMILIES

Children in care who are Aboriginal and/or Torres Strait Islander, by Financial Year

Children subject to an intake that were Aboriginal and/or Torres Strait Islander, by Financial Year

Children notified that were Aboriginal and/or Torres Strait Islander, by Financial Year

Children substantiated that were Aboriginal and/or Torres Strait Islander, by Financial Year

<https://performance.cyjma.qld.gov.au/?domain=4ng99xeqmb60&subdomain=5iq7j3pc2eg0&tab=62qyodi7kn00>

Definition Notes: **Children in care:** The provision of care outside the family home to children who are in need of protection or who require a safe placement while their protection and safety needs are assessed. In accordance with nationally agreed reporting definitions, data for children in care refers to children placed with kin, other home-based carers or residential care services. **Intake:** Refers to the process by which Child Safety receives and gathers information about harm or risk of harm to a child or an unborn child who may be at risk of harm after he or she is born and determines the appropriate response to the information received. Intake processes are initiated when professionals, family members or members of the public contact Regional Intake Services or Child Safety Service Centres with concerns about a child. **Notification:** A notification is recorded where there is a reasonable suspicion that a child is in need of protection, that is, a child has been significantly harmed, is being significantly harmed, or is at risk of significant harm, and does not have a parent able and willing to protect them. **Substantiated:** The outcome of an investigation and assessment where it is assessed that the child or young person has suffered, is suffering, or is at unacceptable risk of suffering future, significant harm.

Child Protection - Regional Data

June 2023

South East

Intakes received by the region - all concerns received by the department about harm or risk of harm to a child.

Source: Department of Child Safety, Seniors and Disability Services. 'Table Scc.1: Child protection summary statistics, by region' <https://performance.cyjma.qld.gov.au/?domain=15ze1620dnkw&subdomain=64vpii035lc0>

Notes: (a) Family support services includes a rolling 12 months of data for each reference period taken from a snapshot 10 days post the reference period. (b) Families receiving a Family Wellbeing Service (FWS) or an Intensive Family Support service (IFS) includes all families where the case remained open at some point during the reference period irrespective of when it was created and/or closed. IFS and FWS cases only include those where consent was received. (c) Concerns received by child safety and Investigation and Assessment data is for the year ending the reference date (12 months of data). (d) Ongoing support figures are point in time, as at final day of reference period.

Source: Australian Institute of Health and Welfare 2023. Youth detention population in Australia 2023: Table S1 - Table S15. Accessed at <https://www.aihw.gov.au/reports/youth-justice/youth-detention-population-in-australia-2023/data>. Data is for young people in detention on an average night, by age group, sex, Indigenous status and Australian states and territories. The youth detention data is for 'All detention' categories, including unsentenced detention and sentenced detention. The age on an average night each quarter is calculated based on the age a young person is each night that they are in detention. If a young person changes age during a period of detention, then the average nightly number in detention will reflect this. For example, where a young person turns 18 during a period of detention, any nights spent in detention (sentenced or unsentenced) aged 18 will only be counted in quarterly average nightly population for the 18+ age group. Similarly, nights spent in detention before a young person has turned 18 will only be counted in the 10–17 age group. Average nightly data broken down by age is not comparable to Youth detention population in Australia releases prior to 2020. The average nightly population is calculated by adding the duration (in nights) of each period of detention that falls within the quarter, and dividing the summed duration by the number of nights in the quarter. Components of tables may not sum to the totals due to rounding.

Source: Queensland Government, Queensland Police Service. "LGA Reported offences number" and "LGA Reported offences rates" data extracts, filtered by month. Accessed at <https://www.police.qld.gov.au/maps-and-statistics> Data displayed includes the number of reported offences and the number of reported offences per 100,000 persons for Queensland. Note: Care should be taken when comparing monthly statistics, for example January 2014 compared with February 2014. A more accurate comparison would be obtained by comparing a longer time series, for example, one calendar year to the next, as this will account for seasonal variations. Should you require any assistance in interpreting these statistics, please contact Statistical Services, QPS. Offence counts are excluded where counts are greater than or equal to 1 and less than 5.

Source: Queensland Government, Queensland Police Service. "LGA Reported offenders number" data extract, filtered by month. Accessed at <https://www.police.qld.gov.au/maps-and-statistics> Data displayed contains information relating to persons responsible for offences. It is important to note that QPS offender statistics are based on offence counts and do not and cannot refer to individuals. Rather, offender data refers to the number of offences cleared or solved through an action against an offender. As such, offender data does not equate to a unique offender count nor does it equate to the number of offences cleared. Only persons 10 years and over are deemed to be offenders. As at 12 February 2018, juvenile offenders are those persons aged between 10 and 17 years (inclusive). Before this date juvenile offenders were persons aged between 10 and 16 years (inclusive). Offenders have not been included if their age or gender is not specified in QPS records. Counts are excluded where counts are greater than or equal to 1 and less than 5.
